****Annual Student Right to Know Statistics ****
2002 Jeanne Clery Disclosure of Campus Security
Policy and Crimes Statistics Act

WHAT IS THE "JEANNE CLERY" DISCLOSURE ACT?

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act codified at 20 USC 1092(f) as a part of the Higher Education Act of 1965, is a federal law that requires colleges and universities to disclose certain timely and annual information about campus

crime and security policies. All public and private post-secondary educational institutions participating in federal student aid programs are subject to it.

Howard and Connie Clery championed the law, originally enacted by Congress in 1990 as the Campus Security Act after their daughter Jeanne was tragically murdered at Lehigh University in 1986. Amendments to the Act in 1998 renamed it in memory of Jeanne Clery.

The Clery Act requires colleges and universities to publish an annual report every year by October 1st that contains 3 years' worth of crime statistics and certain security policy statements including sexual assault policies that assure basic victims' rights, the law enforcement authority of campus police, and where the students should go to report crimes.

The complete text of the Clery Act is available on the Security on Campus, Inc. website at www.campusafety.org as are the implementing regulations published by the U.S. Department of Education.

The Mississippi Delta Community College Police Department is responsible for gathering [crime statistics](#) and providing safety information to its constituents.

The annual security report for Mississippi Delta Community College includes:

Statistics for the previous three years concerning reported crimes that occurred on campus, in certain off-campus buildings or property owned or controlled by MDCC, and on public property within, or immediately adjacent to, and accessible from the campus. **In accordance with mandated reporting requirements, information concerning the monitoring and recording of any criminal activity in which students engaged, at off-campus locations and/or within student organizations that are officially recognized by the MDCC, is not gathered from local police agencies. These agencies include any City, County, State, or Federal agencies that may have relevant information, and the statistics are published in this disclosure.**

The report also includes institutional policies concerning campus security, such as policies concerning alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other matters.

The MDCC Police Department is aware that crimes may go unreported to law enforcement and encourages employees of MDCC, who have significant responsibility for students and student activities, to report to the Campus Police any crimes that they may have become aware of in their daily contact with students. All reports to MDCC Campus Police can be made confidentially and anonymously in accordance with the reporting person's wishes.
