

How To Schedule A Telehealth Visit

STEP 1

Call 662.725.6261 to schedule an appointment.

Monday-Thursday: 8AM-5PM

Friday: 8AM-12PM

STEP 2

Inform the registration specialist you are calling to schedule a telehealth appointment and your end-user site is MDCC.

STEP 3

Complete registration paperwork that will be emailed to you. Return your completed forms prior to the telehealth appointment.

STEP 4

At least 5 minutes before your appointment time, go to **Room 233** in the **Horton Building** to begin your telehealth visit.

STEP 5

Make sure the telecart is powered on. "power button". When you see the provider calling the screen, touch the "Accept" button.

STEP 6

Follow your healthcare providers instructions.

STEP 7

Look for an email with the link to pay online.

Delta Health System Telehealth Services

Welcome to Delta Health System Telehealth. Our team is excited to provide telehealth care services right here, for employees of Mississippi Delta Community College.

What is Telehealth?

Telehealth connects you to our healthcare provider through real-time audio and video technology and can be used as an alternative to traditional in-person care delivery.

When should I use Telehealth?

If you are having symptoms such as but not limited to: headache, sinus, fever, cold/flu/Covid symptoms, earache, heartburn, nausea, diarrhea, minor cuts and burns.

Benefits of Telehealth?

No transportation time or cost to you; Reduced wait time; and a more detailed and personalized care experience compared to a routine phone call.

How does a Telehealth visit work?

Same personal care without leaving your work site.

What is the cost to use Telehealth?

Telehealth cost is the same as a provider office visit, including co-pay.
